

Luxury Owner's Suite Extension 134 Additional Square Feet

Amelia Earhart, a pioneer aviatrix, set many records before her 1937 disappearance during an attempt to fly around the world. As a daring woman, she became an icon when the organized women's movement had virtually disappeared. Amelia was a leader, a risk taker, and she did it right.

All square footage is approximate. Renderings are artist's conceptions and may vary slightly from actual home. Homes may be built in reverse of plans shown, depending on site conditions. Minor architectural changes may be made occasionally at the option of the builder. Please contact your Sales Consultant for details.
